Whiteman, Waring Programs Offered

Paul Whiteman every Wednesday and Fred Waring five nights a week, broadcasting from their own playhouses in the center of New York's theater district, are the Chesterfield radio offerings for the coming Fall and Winter. The Waring organization entertains its theater audience for a half-hour after every air show, and the Liggett & Myers Tobacco Co.'s New York office is busy filling ticket requests daily from metropolitan fans as well as visitors from all over the country, who

Local Firm Secures Tire Distributorship

Feldman's Tire Service, 2599 El Camino Real, Redwood City, announced this week that it had become distributor for Armstrong Tires, which have compression tread-treads that result when

are anxious to see these two entertainers in person.

The new Waring "Pleasure Time" program is broadcast from Monday through Friday evenings in five quarter-hour programs, over NBC. The Whiteman half-hour program is a regular Wednesday feature.

the new high profile construction tire is inflated.

The Armstrong tire, it is claimed, will give 34.7 per cent more miles at no extra cost because the riding surface thus becomes tougher, safer and longer lasting.

Local dealers for the tire are: Albersson's Service, Main and Middlefield Rd.; Rogers & Lillo, Hopkins and El Camino Real; Sullivan Tire Service, 1903 El Camino Real; Henry Ferrando, El Camino Real at Woodside Rd.; and W. W. Stone, James and El Camino Real.

Six Features Are Presented In 1939 Show

Hundreds of men and women worked feverishly at Bay Meadows Race Track at San Mateo this week as planning, preparation, community co-operation and downright hard work were scheduled to be culminated last night in the opening of the ninth annual San Mateo County Fiesta and Rodeo.

There are six distinct features to this year's fiesta:

1. \$50,000 FLOWER SHOW
The \$50,000 flower show, including hundreds of blooms of chrysanthemums, orchids, dahlias, and every other kind of flower, rare or common.

2. The agricultural exhibit.

3. The Sportsmen's display, offered this year for the first time.

4. The wild life exhibit, also presented for the first time.

5. The automobile show—a preview of the 1940 models, also a new feature.

6. The rodeo, being presented Friday and Saturday nights and Sunday and Sunday afternoons.

MANY OTHER FEATURES

In addition to these main features, there will be numerous other attractions, including archery contests, fencing exhibitions, casting tournaments, fireworks, an old-time stagecoach holdup, sheriff's posse drills, steer and calf roping, special children's programs.

Harry Rowell, whose Hayward ranch is famous for supplying tough rodeo stock to leading rodeos throughout the country, will be in charge of the rodeo.

3 CARLOADS OF ANIMALS
More than three carloads of wild Braham bulls, unbroken broncs, black angus steers and calves are being shipped to the track for the opening contest which takes place Friday night. More performances will be held on Saturday afternoon and night and Sunday afternoon.

Specialty acts including the trick roping and riding of the renowned Deans, Chief Skyeagle and his full blood daughter Sunbeam, Elmer Holcomb and his trick mule, Harless Harker and his troupe of performing sheep dogs, will also be on the rodeo program.

Chief Ryan Attends Firemen's Convention

Redwood City Fire Chief Mark E. Ryan was in San Francisco this week attending 67th annual conference of the International Association of Fire Chiefs.

Three Injured In Crash Here

Injuries were suffered by three Mountain View men Tuesday afternoon when the station wagon in which they were driving with Ralph Kesler, 25, 187 Hope St., Mountain View, collided on Bayshore Hwy. at Harbor Blvd., Redwood City, with the truck-trailer of William Muniz, 23, Decoto.

Police listed the injured as Sastiano Fernandes, 25, 150 Taff St.; Earl Molinari, Box 112, and Kyrle Bellevue, 976 California St.

Fernandes incurred cuts on his elbow and cheek and bruises; Molinari, a severe gash on his forehead through which he lost much blood; Bellevue, a possible hip injury, possible skull fracture, and head cuts. Bellevue was taken to Mills Memorial Hospital, the others released after first aid.

Police said the accident occurred when the trailer on Muniz' vehicle skidded as he turned onto Harbor Blvd. and struck the station wagon which was approaching the bayshore from the port road.

ENDS TERM, FACES CHARGE

Dan B. Smith, 37, Redwood City carpenter who Saturday ended a 30-day county jail term for petty theft, was rebooked on a complaint signed

by Henrietta Mueller, also of Redwood City, for contracting without a state license. Judge E. I. McAuliffe arraigned Smith on the new charge, asked him how long he had been in jail, and released him.

NEWS
MENLO PARK

Edward O'Keefe and James Houston of San Mateo went to Willows Gun Club, Colusa County, Saturday to prepare their blinds for the duck season which opens on Oct. 22. They report that ducks were never so plentiful at the ponds as they are this season. Both men have been shooting at this club for several years. The preserve comprises 22,000 acres.

Peter and William Manson, bright sons of Dr. and Mrs. Guy Manson of Fresno, returned to the Interdale School Sunday. Their parents accompanied them, spending the day at the home of Mrs. Bruce Fredericks. The institution is a Stanford preparatory school for boys, located in Portola. Mrs. Manson is the former Jean Bruce, a Menlo Park belle some years ago.

Work on the new Mother Foley Gymnasium at St. Joseph's Parochial School will begin next week and be rushed to early completion. It will cost about \$8000, and be modern in every respect. The school recently opened with a greatly-increased attendance, taxing the capacity of the school to the utmost.

The Ramblers Club of Menlo Park held its annual tournament in the Menlo Park Picnic Grounds last evening. A large attendance enjoyed the boxing matches and athletic games. Gaily decorated booths about the grounds furnished refreshments to the crowd. The affair was one of the most enjoyable occasions in Menlo Park for a long time.

John Tuttle, superintendent of Holy Cross Cemetery for some years, has resigned to take a more lucrative position.

Fire Chief Thomas Cuff has resumed his position after an absence of 15 months in Idaho. E. P. (Mike) Hara, acting chief during that time, will return to his former place as assistant chief. There will be no change in the personnel of the department for the present. Owing to the rapid growth of the community, a reorganization of the fire district will take place in the near future.

Lawrence (Buck) Shaw, noted coach for the Santa Clara University football team, is a resident of Menlo Park, having purchased a home on the Flood property. It is located only a few yards from the old Flood mansion site. Thursday night, Mr. Shaw was given a banquet at Bertram's by former students of the university residing here. A number of football celebrities were present.

Leo Dunn, a veteran of the World War, last week was called to service on the Coast Guard in San Francisco.

William P. Zerbone, a native of Portugal, aged 69, passed away Tuesday evening at his home, 597 Fremont Ave. For 15 years he conducted a grocery on Fremont Ave., where he did a thriving business. Mr. Zerbone had been a resident of Menlo Park for 17 years and was well-liked by his neighbors. His wife died seven years ago. Mr. Zerbone is survived by several grown children.

THEY'RE IN LOVE AGAIN

Sonja Henie and Tyrone Power find gay romance in the talent-crowded 20th Century-Fox picture now at the Redwood Theater, Irving Berlin's "Second Fiddle." Rudy Vallee and Edna May Oliver head the featured cast of the production, which introduces six new song hits by the dean of American songwriters. First run Western "Range War" completes the program.

Mr. and Mrs. Gene Ditman of Tacoma are spending two weeks with Mrs. Ditman's brothers, Wayne and Oscar. They are enthusiastic visitors to Treasure Island. They will attend the San Mateo County Fiesta before returning home.

Isabelle Weeden Lindquist, chairman of hospital entertainment for 26th district, American Legion, presented the first program of the new Legion year at the Veterans Facility Friday night. Ed Pearce and his 12 Indian dance and novelty numbers. Mme. Bruguiere, also of San Francisco, presented a vaudeville act consisting of songs, dances and novelties. The Princess Marie, an Indian lyric soprano, was well received in her vocal and dance numbers and was acclaimed for her beauty as well as her talent.

Mrs. Loren Ross has recovered from her recent operation and is convalescing at her home on Alameda de las Pulgas.

Thursday evening in Odd Fellows' Hall, Redwood City, Menlo Parlor of Redwood City and San

Bruno Parlor of San Bruno, held a joint official visit of the grand president of the order, Mrs. Orinda Giannini of San Francisco. Over 300 were present representing 14 parlors from San Francisco to Santa Barbara. The halls were decorated with gold colored chrysanthemums in gold baskets and the members in varied colored formal dresses made a pleasing picture during the initiation of 11 members; 6 from San Bruno, 4 from Redwood City and 1 from Menlo Park. The following grand officers were present: Grand Pres. Mrs. Orinda Giannini, Mrs. Joseph Noonan, Mrs. Andrew Thuesen and Mrs. David Carlson, past grand presidents. Grand Organist Mrs. Mae O'Keefe and Grand Trustee Mrs. Emily Ryan. Supervising Deputies Mrs. Rena Taube of San Francisco County, Mrs. Alice Rowles of Santa Clara County and Mrs. Bernard Bernasque of San Mateo County. Eight deputy grand presidents were also present including Mrs. John Murray and Miss Eloise Rathje from Menlo Parlor. Mrs. David Tuttle was initiated into Menlo Parlor. Mrs. Tuttle's mother

Court Action
Still Planned

With a unanimous vote of the five members present, Redwood City's City Council Monday decided to accept the Friendly Acres subdivision, located just south of here on Bayshore Hwy., into the city.

After canvassing the returns of the Sept. 5 election which showed that residents had voted 47-33 to annex the city, the council introduced an ordinance calling for the annexation. Councilman Evans A. Fletcher made the motion, Councilman George W. McNulty seconded, and it was voted for by other councilmen present — Mayor Louis C. Christensen, William Hohn and Robert N. Jones. Councilman Paul A. McCarthy and Harold F. Anderson were absent—in attendance at the Oakland convention of the League of California Municipalities.

City Atty. Albert Mansfield explained that the ordinance could be finally adopted at the next meeting, Oct. 2. It then would become effective in 30 days unless made the subject of a referendum, and Friendly Acres would be declared a part of Redwood City.

Mansfield said that if the council had desired, it could have voted to call an election in Redwood

City to determine whether or not the city desired to accept the district into the city.

Whether or not the subdivision actually will become a part of Redwood City will depend on out-

come of a suit to test validity of the election. Atty. Ephraim Adams, resident of the area and opponent of annexation, repeated today that he intends to file such a suit in the near future.

CARGO OF MATCHES BELIEVED RESPONSIBLE FOR SHIP FIRE

Possibility that a cargo of matches ignited through friction during a rough voyage and caused the blaze which Monday destroyed the lumber schooner Redwood—first commercial vessel to visit the Port of Redwood City—was considered by crewmen today.

The 21 members of the crew, which included Capt. L. E. Madson of San Francisco, were dramatically rescued from lifeboats by the steamer Scotia, also a frequent visitor to the Redwood City harbor, where it picks up cement from the Pacific Portland Cement Co. plant.

The 31-year-old historic schooner, once called the Daisy at which time she went ashore near Fort Point in a heavy fog, had had a varied career. At one time it rammed 25 feet into an oil company wharf at San Francisco; at

another time was involved in a holdup in which three men invaded her, beat the watchman and stole the strongbox; at another time suddenly sank at her dock in the China Basin channel, resting for a time on the mud bottom. Owned by the Hammond Lumber Co., the steamer was bound with 480 tons of general merchandise cargo to Eureka, where it was to have picked up lumber. While the ship was lying at anchor outside Humboldt Bay, waiting for a thick fog to lift before venturing inside, the blaze was discovered in No. 2 hold by Chief Engineer C. Helander.

Despite the fact the Scotia and other vessels were close by, the fog obscured the Redwood and it burned fiercely while the crew fought vainly to save her. They

finally took to lifeboats when Captain Madson gave seven short and one long blast of the ship's whistle as a sign to abandon ship. In two life boats, they groped their way through the fog until the Scotia, in charge of Capt. A. MacKenzie, loomed ahead of them. A lookout spotted them, and they were hauled aboard.

About this time, the fog lifted. The Scotia, unlike the Redwood, was equipped with wireless, so it was able to summon help. The Coast Guard cutter Shawnee rushed from Eureka, only to find the Redwood blazing from stem to stern. A series of explosions later rocked the schooner as it burned to the water line. The crewmen, hungry and weary, were taken to Eureka.

The Redwood, of 379 net tons, had not visited at Redwood City for a year, but previously had been here four times, once on Oct. 23, 24 and 25, when it opened the municipal harbor and a number of people inspected the ship. Capt. F. H. Johanson was skipper

Ham & Eggs Group Would Debate Plan

A meeting announced by Retirement Life Payments Association members will be held Monday at 8 p.m. in the Sequoia High School Auditorium in Redwood City.

The county "Ham and Eggs" headquarters has issued a challenge for a debate with any group

at the Redwood City meeting.

If opponents appoint a speaker, W. A. Cones (phone S. M. 4423) asked that he be notified prior to Saturday of this week. If this is not possible, he said, and a representative of the opposition asks for it, he will be given 15 minutes at the meeting to state his views.

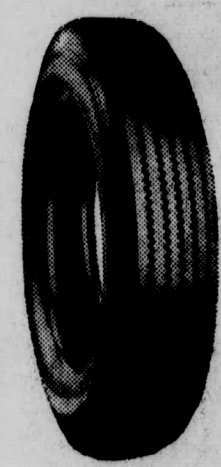

Surgical Dressings' Arrival Is Delayed

Mrs. Z. T. Thorning, chairman of the Redwood City Chapter of the Red Cross, announced here that gauze for surgical dressings, scheduled to arrive here today, would not be in for several days as the supply has been depleted

in San Francisco and must come from Chicago. Women who have volunteered to make bandages for the Red Cross service overseas will be notified by her when the necessary equipment arrives, Mrs. Thorning said.

Service Badges Given Peninsulans

Wearers today of service badges denoting long service with the Pacific Gas and Electric Co. were a number of Peninsulans.

The pins were presented by P. M. Downing, vice president and general manager, at a weekend meeting in San Jose.

Heading the Peninsula group from a standpoint of years' service, was Uno Bryggman of San Mateo, who received a 30-year badge, but Duncan Reynard of Redwood City and Ralph H. Johnson, San Mateo, pressed him for honors, receiving 25-year badges.

Other recipients: Fifteen-year badges—Joseph A. Allamus, Burlingame; Clyde A. Howard, Menlo Park; Adolph L. Ingrund, Burlingame.

Ten-year badges—Lloyd S. Anderson, Burlingame; Harry A. Berg, Redwood City; Mervyn J. Brascos, San Bruno; William N. Christiansen, Redwood City; Adair C. Eddy, Burlingame; Ray F. Eggers, San Mateo; Jack W. Feeley, San Mateo; Pete Garino, Redwood City; William B. Hollenbeck, Redwood City; William Jones, San

Mateo; Joe Manzone, San Mateo; George Marcella, San Carlos; Carl Pelphrey, Redwood City; Jesse J. Ryall, San Mateo; John Sallinas, San Mateo; Lester E. Taylor, San Mateo; Guy B. Troxel, Redwood City; Edward W. Vowell, San Mateo.

Five-year badges—J. H. Batchelder, George C. Dent and Robert D. Dickey, all San Mateo.

Last Minute Rush For Licenses Here

Deputies in the San Mateo County clerk's office on Monday experienced a mild rush for marriage licenses, issuing 11 on the last day in which licenses could be taken out without presentation of state health department certificates showing both parties to be free from communicable disease.

Beginning on Tuesday, all persons taking out licenses must present the certificates, which can be secured after examination by state,

County Upheld In Consolidation Of Kelly Office

Right of San Mateo County to consolidate, for the purposes of economy, appointive offices was upheld Tuesday by State District Court of Appeals.

In a decision announced in San Francisco, the court ruled for the county supervisors and former Manager Ernest A. Rollison by holding that they had the legal right to consolidate the office of purchasing agent with that of county manager.

Specifically, the court denied a writ of mandate sought by Stanley Kelly, former purchasing agent, who lost his position Dec. 30, 1937, when the consolidation, voted by the board of supervisors, became effective.

Through Attys. John E. Manders and Joseph J. Bullock, who contended that the consolidation could not be made until the end of Kelly's term in January, 1939, Kelly had sought to require the controller to draw a warrant for \$291.66 as his salary in full for December, 1937, but Edward M. Stack, former county controller, offered to draw the check only to Dec. 30 on the contention Kelly ceased to hold office then.

Kelly sued Judge Warren V. Tryon of Del Norte County, who heard the case, upheld the county, which had been represented by Dist. Atty. Gilbert D. Ferrell's office, on Jan. 28, 1938, whereupon Kelly appealed.

Attorney Bullock, informed of the appellate court's decision, declared that a rehearing would be sought.

"If that is denied, we'll ask for a hearing in the supreme court," he declared. "This is only the start of the fight."

Bullock said that the appellate court's decision would have no effect for the present upon Kelly's civil action for damages against the board and Rollison.

After practicing for 17 years in Daly City, Dr. E. P. Calsen, dentist, has moved to Redwood City and opened an office at his home, 338 Whipple Ave. Dr. Calsen, a member of the San Mateo County Planning Commission, is married and has three children, Guinivere, 18, student at San Mateo Junior College, and Virginia, 12, and Phyllis, 6, pupils in Redwood City schools.

county or local physicians. The certificates are not necessary when application for a license is made, but the license will not be issued without them.

Safety Seen In Measure

As he signed an order making operative a new law which empowers highway patrolmen to arrest motorists for crossing double lines on state roads, Public Works Director Frank W. Clark announced Tuesday in Sacramento the Bayshore Hwy through San Mateo would be so marked at once.

Pointing out that many serious accidents on the Bayshore have been head-on collisions caused by cars passing over the center of the roadway, Clark declared:

"I am convinced that many lives will be saved and many accidents on our highways prevented by

strict enforcement of this new law." The double line has served heretofore only as a warning, Clark said that, as in the past, traffic will be permitted to cross over where so indicated by road signs.

Of the more than 14,000 banks in the United States, only 6338 belong to the Federal Reserve system. But outside banks hold only about 17 per cent of the total deposits.

The 48 states collected \$627,000 in revenue through motor fuel taxes in 1937.

Good light was never so cheap as it is today!

FIVE CENTS... the price of your daily newspaper... will operate a Better Light for Better Sight Lamp with a 200-watt bulb for 7½ hours reading. Think of it—that's over an hour every night for a week! Good light never was so cheap as it is today. Use it freely for better sight and eye comfort.

A nickel buys enough electricity to light a 100-watt lamp for 15 hours.

Five cents will operate a 150-watt lamp in your kitchen for over 10 hours.

One cent will light your laundry or basement with a 100-watt bulb for 3 hours.

See that your home has modern Better Sight Lamps wherever eyes are busy reading, studying or working at night. Do away with weak eye-straining light or harmful raw glaring light. Buy I. E. S. Better Light lamps with modern diffusing bowls under the shade. These better lamps cost no more than ordinary lamps.

*Above costs based on average rather than actual domestic rate, which applies.

We Have Them Now!

The New Kind of ARMSTRONG TIRES That Give

34.7% MORE and SAFER MILES at NO EXTRA COST

Armstrong has achieved an amazing tire construction betterment that is revolutionizing tire manufacturing practices. Tire mileage and tire safety have been increased by the hard-to-believe figure of 34.7% — by actual average test! This is done, not by adding cost or adding bulkier materials that would reduce driving comfort, but by changing the molded shape of the tire. Remember how present day balloon tires replaced the high pressure tires? The new molded shape that Armstrong uses in every one of its 4 great new tire lines will replace balloon tires just as completely in the next few years. And you don't have to pay premium prices to get this new construction—no matter what price Armstrong tire you choose, you will get a third more mileage than from regulation balloon tires of comparable grade and price.

ARMSTRONG

We can show you in 1 minute exactly why and how mileage is increased 34.7%. Not a "Hidden Value"

By using a new construction principle, which we can explain to you in one minute, tire mileage is increased 34.7% without adding one extra cent to cost. The same amount of fine materials are used—but molded differently to place the riding surface of the tire under compression instead of the customary pressure-tension that exists in regular balloon tires. This new construction principle used in all 4 Armstrong tires is the greatest development in the tire industry in over 15 years — and it costs you nothing extra for the added bonus miles.

Start Getting Extra and Safer Miles Right Now!

The astonishing thing about Armstrong's new tires is that not one extra cent is added to cost. Therefore, we can be just as liberal in our trade-in allowances as ever! Come in and see how economically you can buy the New Armstrong tire of your choice!

EASY

BUDGET TERMS

All our claims are backed by

ARMSTRONG'S famous GUARANTEE Against ALL ROAD HAZARDS

If an Armstrong tire becomes unserviceable as a result of road hazards you are protected. Bring the tire back to us and we will replace it with a new tire without a moment's delay on the basis of Armstrong's famous road hazard guarantee.

Cement Plant Suit Submitted

Up to Superior Judge Maxwell McNutt of Redwood City today was the fate of the \$4,000,000 Permanente Cement Co. plant at Los Altos which holds a contract to supply \$6,000,000 worth of cement for Shasta Dam.

Following final arguments and a trip to the plant in Permanente Canyon, over the hill from the Los Altos Country Club in the western foothills of Santa Clara Valley, Judge McNutt took the injunction suit of 290 Los Altos residents under submission.

Trial of the suit had occupied two months, off and on, during which Judge McNutt sat in the Santa Clara County Court.

Legal nub of the battle has been whether the court can anticipate a nuisance and order it stopped before it starts. Los Altos plaintiffs cite a supreme court ruling in a Lodi water case in which threatened diversion was blocked. The cement company contends the ruling has no bearing on the Permanente case where it claims dust and noise abatement will be effective.

Argument of Attys. L. D. Bohne and C. C. Cottrell for the Los Altos plaintiffs indicated they were not anticipating a down-right injunction, halting construction of the big plant. Main plaintiff's plea was for the court to make a detailed order of protective devices to prevent all noise and dust from reaching the nearby home, garden and orchard areas.

The cement company, represented by Louis and Duncan O'Neal and Paul V. Marrin, insisting that it plans to install every protective device anyway, contended that for the court to require specific devices would stop it from installing improved devices that might be developed later.

In urging the court to impose a restrictive order, rather than taking the company's word for it all, the plaintiffs pointed out that the court would be saved retrying the entire case again if the plant proved to be a nuisance, that testimony could be limited to matters covered by the order.

Young Democrats Working for Unity

James J. Kehoe of San Mateo, state president, and J. Desmond Sullivan of Menlo Park, state organizer and finance chairman for California Division, Young Democrats of America, have just returned after a week spent in Los Angeles contacting Democratic leaders there in a move to strengthen and unify Young Democratic forces in the state.

The two Peninsulans also were working to defeat the Thirty-Thursday pension plan, to be voted on Nov. 7.

"President Roosevelt and Governor Olson have both declared that the Thirty-Thursday plan will not work," Kehoe said here. "I stand with them on the proposition."

The convention ordered by the national convention to elect new officers and bring together the two factions will be called as soon

Body of Man Found on Cliff

Through fingerprints, photographs and a wooden leg, county authorities today sought to identify the body of a man found on Sunday afternoon on a cliff near Sharp Park.

It was Joseph Tillbeck, 75 Buena Vista Ave., San Francisco, who discovered the corpse. He was driving along Ocean Shore Hwy. when he spotted something that appeared to be a body, lying about half way down the 200-foot cliff. With aid of field glasses, he established the fact that it was a man's body.

He notified Daly City police, who in turn called Deputy Coroner Ida May Lasswell. She, Constable Ferguson Owen and guardsmen from the Fort Funston Coast Guard station retrieved the body

as directed by Homer Matt Adams, national president, Kehoe said.

Hooker's Estate Willed to Sons, Valued at Million

The estate of Robert G. Hooker, former mayor of Hillsborough who died in San Francisco Feb. 21 this year, at the age of 76, is valued at \$1,372,986.36, according to an appraisal filed in superior court at Redwood City on Monday by Bradford Melvin, San Mateo.

The bulk of the estate will go to three sons, Robert Jr., John R. and R. Lent Hooker, who are petitioners for letters of administration.

The estate, according to the appraisal, includes \$82,111.05 in cash, in excess of \$20,000 in bonds, stocks valued at more than \$1,180,000, and considerable real estate, including a \$45,000 home in Hills-

For every 100 baby girls born in Texas, 108 boys are born.

William J. Woolsey Of San Carlos Dies

Following a three-day illness, William J. Woolsey, 80, real estate broker and resident of San Carlos for 40 years, passed away late Saturday at a San Mateo hospital. Mr. Woolsey lived at 1401 San Carlos Ave. His wife had been dead a number of years.

Fire Put Out In Quick Order

Timely observation by a taxicab driver Wednesday resulted in a fire being discovered almost before it had started.

The would-be blaze was in the new Lock Drug Store on Broadway at Arguello St.

Only damage done was to wiring on an interior neon sign—although a front door had to be broken by firemen so they could get in to combat the near-blaze.

It was Jack Wentz, driver for the Yellow Cab Co., who spotted the fireworks. He was walking from the Southern Pacific station to his office on Arguello St. at about 1 a.m. when he saw sparks flying.

He called to Policeman Cole Stafford, who was walking nearby, patrolling the business district. Stafford sounded a fire alarm, and almost in a trice, Redwood City firemen were on the job and had the blaze extinguished before it had more than blackened the wood near the sign.

Asst. Fire Chief Joe Lodi said that apparently a short in the wiring caused the sparking.

"It was a good thing that the taxicab driver saw it though," he declared. "In three more minutes, there might have been quite a loss."

Ernest Lock, store proprietor, was warm in his praise of the "careful and efficient" work of the firemen for the manner in which they handled the situation, and was grateful for the fact Wentz discovered the near-fire when he did.

UNDERPASS AGAIN FAVORED

Another indorsement for the projected pedestrian underpass beneath El Camino Real at Sequoia High School has come from the Italian-Catholic Federation. The underpass is under study by the city council, Sequoia trustees and county supervisors.

Menlo Park Grocer Is Taken by Death

MENLO PARK, Sept. 20—William Perry Zerbone, 69, grocery store operator, died yesterday at his home, 597 Fremont Ave., Menlo Park, after an illness of two months.

Funeral services will be held tomorrow at 2 p. m. at the Tinney Funeral Home in Palo Alto.

COMMUNIST PARTY ENDORSES HAM AND EGGS

The Communist Party, through its State Executive Committee, has formally endorsed the 30-Every-Thurs-day pension plan.

Read what it says: "The Communist Party believes that all progressive-minded people, regardless of their views on the workability of the Ham and Eggs plan, should support its passage."

American citizens: Stop, Look and Listen!

THE COMMUNIST PARTY IS PLEDGED TO THE OVERTHROW OF AMERICAN GOVERNMENT. It is committed to a program of sabotage and class warfare. It will use any means at its command to destroy confidence in American government and American institutions.

Communist agents, in every section of California, are militantly campaigning for Ham and Eggs. WHY?

Professional promoters of the Ham and Eggs scheme, with its cleverly contrived plan for a STATE DICTATORSHIP, are boldly adopting Communist weapons and beating the toms-toms of class hatred. WHY?

CALIFORNIA MUST ANSWER!

Don't make the mistake of passing this off as a harmless, crack-pot scheme. It is a crafty, dangerous scheme that would plunder California's public treasuries, bankrupt business, throw tens of thousands out of employment and play havoc with all branches of government.

California Must Answer this brazen attempt of high-pressure promoters to make common cause with Communists against California government. And our answer must be an overwhelming "No" vote on the Ham and Eggs amendment.

Register Now!

VOTE "NO" ON NO. 1

SRA Directors Assume Posts

New State Relief Administration directors in both San Mateo and Santa Clara Counties took over their posts this week.

Appointed Tuesday afternoon by Buell F. Mahen of San Francisco, SRA County divisional director, A. N. Paterson of Palomar Park, near Redwood City, became San Mateo County director to succeed Mrs. Nina Jackson, resigned.

Frank Blake, Santa Clara newspaper publisher, was named Santa Clara County director, succeeding I. V. Funderburgh, who becomes acting administrator for Santa Barbara County.

Maben declared that both appointments were "in line with general policies of the State Relief Administration to put local men in charge of county offices."

Paterson has lived here 12 years. He formerly was associated with a Santa Clara cannery firm.

Youth Critically Hurt in Car Upset

Emilio Ralph Ferrari, 20-year-old Menlo Junior College student and son of Louis Ferrari of San Francisco, chief counsel of the Bank of America, was in a critical condition at Palo Alto Hospital today following a mysterious accident early Sunday on the Stanford University campus.

Ferrari and Stanwood Albert Murphy, 20, of San Francisco, student at University of California, were found in their wrecked machine on Stanford Ave. extension at Junipero Serra Blvd., back of the Ryan Laboratory, at 5:45 a.m. Police said it appeared that they had been driving too fast to negotiate the turn; had run into a fence, and the coupe turned over.

A basal skull fracture, fractured jaw, broken nose and other injuries were suffered by Ferrari. Murphy, son of A. Stanwood Murphy, president of the Pacific Lumber Co., had facial lacerations and abrasions.

100 Officials To Meet on Friday

Immediate action on a long-range San Francisco-Peninsula transit plan will be urged Friday at a joint luncheon meeting of representatives of the two areas to be held in the Burlingame Woman's Club, 217 Park Rd., Burlingame.

Supervisor John M. Ratto, chairman of San Francisco's streets committee, which has been named to represent the city in discussion with the San Mateo County Board of Supervisors on transit plans, said definite proposals to improve transit facilities between San Francisco and Peninsula communities will be advanced at the Friday meeting.

Ratto said he will propose that first studies be directed toward development of a high speed electric or diesel interurban system with a downtown San Francisco terminus, with Southern Pacific officials invited to submit plans for improvement of present service to the Peninsula.

More than 100 officials from San Mateo County, including the Board of Supervisors and representatives from the various Peninsula chambers of commerce, are expected to attend the meeting, while from San Francisco, aside from the supervisors' representatives, Mayor Angelo Rossi has given a personal invitation to attend.

Ratto's proposal to make an immediate study of the possibilities of a high speed interurban system with a central terminus in San Francisco is in line with the suggestion made by Fred Drake, pioneer San Carlos real estate man, who advanced a proposal to construct an elevated railway line to San Francisco.

Drake pointed out that the plan would not only provide more rapid transportation for Peninsula commuters, but would afford them far greater convenience if the terminal were changed from Third and Townsend Sts. to a more central location.

Friday's meeting, scheduled to start at noon, is sponsored by the Burlingame Chamber of Commerce. The meeting is open to the public. Reservations may be made at the Burlingame Chamber of Commerce office.

Christmas Party Set for December 2

Redwood City's annual Christmas Party for children will be held this year on Saturday, Dec. 2, it was announced today by W. D. Ryan, chairman of the Retail Merchants Division of the Redwood City Chamber of Commerce.

On that evening, the colored street lights will be lighted and the Yuletide decorations completed.

Working on the Christmas party is a committee which is composed of W. E. Ayer, chairman; M. J. Hoffman, Charles Nelson,

Two Concerts Given by Band

Playing concerts at noon and in the late afternoon, as well as entertaining two wards, the Redwood City Municipal Band had a large share in the successful Veterans of Foreign Wars Day at the Veterans Home in Napa County Sunday, members of Corp. James Lindsay Wilson Post 2310, VFW, reported on their return here.

The local post and auxiliary had about 50 members present. A caravan of 37 automobiles, part of them from San Mateo and Daly City, formed the cortege which left here at 7:45 a.m. and drove to the Yountville institution. Comm. C. E. Rudisill, C. H. Heald and William Handley headed the local delegation. Bernard W. McCann

D. G. Schiel and K. B. Towne. City stores will remain open evenings beginning Saturday, Dec. 18, Ryan announced.

directed the band, which had a speaker at the affair, which was turnout of 28 members present. attended by about 6000 veterans Governor Olson was principal from Northern California.

Fraternity Pledges Sequoia Graduates

Two graduates of Sequoia High School last June today had been pledged to the Washington State College chapter of the Tau Kappa Epsilon Fraternity, according to an announcement from the school.

They are Troval Mewhirter, son of Mr. and Mrs. A. L. Mewhirter of Box 525, San Carlos, and Wallace (Wally) Harder, son of Mr. and Mrs. M. W. Harder of 707 Middlefield Rd., Palo Alto.

Harder was a star halfback on the championship Sequoia football team of last Fall.

Tire Price Rise
Seen as Possibility

With war conditions causing crude rubber prices to mount rapidly and higher tire prices practically certain to result, thrifty motorists will be quick to appreciate and take advantage of the extra savings afforded by the especially reduced prices now available to them during the tire and tube sale just announced by V. A. Jones, local manager of the Western Auto Supply Company.

"Crude rubber has advanced 50 per cent already and may go higher," Jones asserts. "Cotton, too, has increased, and since these two are the principal ingredients of tires, it is only natural to assume that retail tire prices may soon reflect these higher costs."

"But Western Auto's tire prices have not yet increased. In fact our regular low prices are even lower than ever in the current tire and tube offer, during which your old worn tires can be traded in on a brand new Western Giant Traveler with a Blue Ribbon inner tube included at no extra charge."

"With each Western Giant Double Duty, Super Whipcord or Silent Grip purchased you will receive a Jumbo Self-Ventilating inner tube at no extra charge and in addition an allowance for the old tire," he adds.

"The Western Auto easy payment plan will make it easier to equip your car with a full set of Western Giants and pay for them in convenient installments," Jones concludes.

Mrs. McDowell Dies
After Long Illness

Following an illness which had extended over the duration of her five years' residence in Redwood City, Mrs. Dorleca Victoria McDowell passed away at 3 p.m. on Sunday at her home, 932 Middlefield Rd.

Mrs. McDowell, who was 70 and a native of Arkansas, was the mother of Mrs. Venie Ira Blue of Redwood City; of Mrs. George E. Palmer of Long Island; Earl R. McDowell of Oakland, and Monte I. McDowell of Crockett. She was the grandmother of Mattie Lee Cooper of Atherton.

If you want to keep it a secret, don't put it in the Want Ads.

EX-CONVICT, JAILED, LAYS P. O. ENTRY AT LOMA MAR TO PAL

Edward Murphy, 34, ex-convict and one-time chauffeur living in San Francisco, was sentenced to six months in county jail Wednesday on a vagrancy charge by Judge Manuel Bettencourt of Half Moon Bay.

Murphy, employed up to three weeks ago on a WPA project at Loma Mar, was arrested yesterday afternoon by Dep. Sheriff Leonard Quinlan and two federal officers on suspicion of implication in a post office burglary in Loma Mar that took place last Friday.

Two federal pay checks for WPA workers were stolen in the post office entry, and later cashed in Oakland. Suspected were Luther Balakian, 30, released from San Quentin three months ago, and Murphy.

Murphy, after his arrest yesterday, admitted being with Balakian

Friday and said that his companion broke into the office and stole the checks, later cashing them. He said he had come to Loma Mar with Balakian to secure a pay check due him for work on the WPA project there.

Quinlan and Steve Byrne, Treasury Department investigator, and George Austin, Post Office Department investigator, both of San Francisco, traced down the theft and drew the confession from Murphy yesterday when the ex-convict returned once again to Loma Mar in search of his pay check, late in being forwarded.

Balakian was a fugitive from justice at the time of the theft last week, Quinlan said, there being a hold order for him on file from Parlier, south of Fresno.

In addition, he is now wanted to face charges in this county on

Mrs. Fred Gatchel's
Mother Passes Away

Word has just been received here that Mrs. Mary K. Dressler, mother of Mrs. D. Fred Gatchel of Redwood City, has passed away in Ohio. Mrs. Gatchel returned only a few weeks ago from the East where she visited with her mother and attended a family reunion.

Mr. Gatchel's father, the Rev. C. H. Gatchel, former pastor of the First Baptist Church here, is now in Ohio and will assist in the funeral services for Mrs. Dressler.

The post office entry and tampering with the mails, as well as forgery in signing the stolen checks.

The two men had been living together at 1032 Ellis St., San Francisco, Quinlan said. Murphy was released from San Quentin a short time ago, after being transferred from Folsom where he had been serving a term for grand theft, Quinlan said records show.

Promotion Given
By Corporation

DETROIT — Frank R. Pierce, general sales manager of Kelvina Corp., has announced appointment of Thomas A. Farrell as eastern sales manager of the household division of the corporation.

Farrell resigned recently as eastern sales manager of the Frigidaire Division of General Motors Corp. to take over this position with Nash-Kelvinator Corp. He served for 11 years with Frigidaire and was headquartered at Dayton, O., factory center of this General Motors division. He was Frigidaire eastern sales manager for four years and prior to that served as regional branch and zone manager of the company in the eastern and southeastern part of the country.

Dredging Set
For Local Port

Redredging of the mile-long channel from San Francisco Bay into the Port of Redwood City and of the 800x250-foot turning basin to bring it again to its project depth of 28 feet will begin about Nov. 1, Port Manager Leslie M. Rudy reported today he had been informed by R. C. Hunter, major, corps of engineers, U. S. Army.

The work, expected to require about six or eight weeks, will be done by the federal government. It is a regular process made necessary by the gradual filling of the creek and turning basin.

Major Hunter said the work would be done with the hopper dredge Pacific.
